Declaration

The numbers as suggested during DVV seems to reflect that only those programmes which explicitly included the words Guidance and Counselling were considered for calculating the number of students benefitting from such programmes. A number of programmes organised by the HEI to guide the students for competitive examinations and career enhancement seems to have been excluded from the calculations of beneficiary students as the name of such programmes did not include the words Guidance and Counselling, among others. Therefore , a revised table highlighting all such programmes organised during Sessions 2017-18, 2018-19, 2019-20, 2020-21 & 2021-2 which the HEI feels are directly related to Career Guidance and Counselling of students is furnished herewith along with another document listing out the detailed activity reports of the said programmes.
