

INSTITUTIONAL DISTINCTIVENESS

Nowgong Girls' College is a pioneer institution in women education in central Assam. The institution thrives on exceptional classroom experience and does everything to empower the woman which is a priority here. The classes are interactive with a constant endeavour to train the girl students for the global challenges which lay ahead of them. In addition to the use of technology, we also focus on a clear analysis and understanding of the outcomes of the teaching-learning process. This gives the teachers a clear idea of how, where, and when the entire process is heading and how the students are going to benefit from it. The feedback mechanism, constant brain-storming among colleagues to improve the class quality, inputs from the Nowgong Girls' College Students Union and individual student, parents inputs, and alumni interaction too go a long way in ensuring that only the best education model is available to students. The right mix of experience and youth among the teachers and absolute parity when it comes to a blend of male and female teachers imparting top-notch education makes the college the ideal choice for all students to study there. Students experience is of paramount importance to every member of the teaching fraternity, and the college management also shares the same viewpoint. The students would vouch for the fact that there is an adequate mix of rules with fun, freedom with restrictions, and congeniality with control. Preparing students for the future involves equipping them with the knowledge, know-how, skills, attitude to be winners. Students experience is also helping them to understand their peers better, working together in teams, and having the sensitivity to understand others. To accomplish our vision with every advancing semester, we earnestly aim to raise the bar and set high standards for ourselves, so that our students have the best possible holistic experience with us. The information and career guidance cell and a host of club activities with a healthy student-centric environment, certificate programmes, cultural events, and international day celebrations, all combine to make the institution an ideal place to pursue their undergraduate studies.
