

Name of the workshops / seminars: International Year of the Periodic Table of Chemical Elements

Number of Participants: 63

Date (From -to): 17/8/2019 – 17.08.2019

Activity report:

The chemistry department hosted a lecture series to commemorate the 150th year of the Mendeleev's periodic table celebrated as the international year of the periodic table. We invited Prof. Prodeep Phukan from the Department of Chemistry, Gauhati University and Prof. Ramesh Deka from the Department of Chemistry, Tezpur University as the speakers. Apart from the NGC Science Fraternity a few participants from nearby junior colleges also attended this event.
