

Activity Title Workshop on telescopic view of the evening sky

Date 03-Nov, 2023

Organised by Department of Physics

Collaboration IQAC, NGC

Note The Department of Physics, Nowgong Girls' College organized an enlightening talk on "India's Space Exploration and a workshop on Telescopic View of the Evening Sky" on November 3, 2023 in collaboration with the teachers and students of Nabarup Jatiya Vidyapith, Nagaon. The distinguished speaker for the event was Dr. Kishore Baruah from the Department of Physics, Tezpur University. Dr. Baruah is a renowned astrophysicist and senior technical officer with a significant contribution to the field of space exploration and astronomy. The telescopic observation session was conducted to observe the majestic planet Saturn. The observation took place at Nowgong Girls' College, utilizing a Telescope under the guidance of Dr. Baruah. The event provided valuable insights into India's achievements in space exploration and offered a captivating glimpse into the wonders of the evening sky. A total of 102 Faculties and Students participated in the programme.
